Snapshot Date: 31st March 2021

Supporting Narrative

In common with most educational organisations, the Diocese of Gloucester Academies Trust employs more female full-time equivalent employees than male. During the year DGAT had staff contracts with 48 male and 718 female employees. This represented a combined full time equivalent of a total number of 336 employees. The difference is due to the number of employees having multiple contracts.

All posts within DGAT are aligned to nationally standardised pay scales and our male and female members of staff are paid within the same pay band for the same role. Therefore, DGAT is confident that our male and female staff members are paid equally for equivalent jobs.

No bonus was paid during the year to any employee.

The Diocese of Gloucester Academies Trust is committed to the promotion of equality of opportunity and choice for employees and supports fair treatment of all staff regardless of gender through robust and transparent recruitment processes, pay policy and professional development.
