

Phonics for Pupils with SEN – Alphabetic Code Charts

**PHONICS FOR PUPILS
WITH SPECIAL
EDUCATIONAL NEEDS**

Sound Maps

**Alphabetic Code Charts
for Teachers, TAs and Parents**

Ann Sullivan

The **Phonics for Pupils with Special Educational Needs Programme** is a systematic synthetic linguistic phonics programme published in a series of seven books by **Routledge in 2018**. For more information about the programme and training, please visit: <https://www.phonicsforpupilswithspecialeducationalneeds.com/>

A set of three A4 landscape posters that comprehensively map the sounds (phonemes) and the way they are represented by letters or groups of letters (graphemes or sound spellings).

Note that in the Phonics for SEN programme, terminology is kept simple. Children learn about sounds and sound spellings and do not learn the terms phoneme or grapheme.

There are two types of maps included in the set.

Maps 1 and 2 covers all the **sounds (phonemes)** showing all the *sound spellings* (graphemes) each sound can be represented by, i.e. showing the **variation** in the English language 'code'.

Map 3 covers specific **sound spellings (graphemes)** showing all the *sounds* that each sound spelling can represent, i.e. showing the **overlap** in the English language 'code'.

a cat

a-e made
a angel
ai train
ay play
ea great
